Lindsay's reference to the above minute (Para 13).

Mr. Janardanya, who was here yesterday, spoke to me about this matter and gave me all the information necessary. He has taken his degree in Agricultural College at Coimbatore and has undergone special training in Horticulture at the Royal Botanical Gardens in London. He is also a Fellow of the Royal Horticultural and the Linnean Societies (the latter is said to be a good distinction) and has had about 20 years experience of practical Horticulture under the direction of Mr. Koenig. He was also actively carrying out the fumigation work on the Lal Bagh, under the supervision of Mr. K. Narasimha Iyengar. However, he will be asked to send a written communication on the matter.

2) As regards the pests named by the Member, it is submitted that under the Destructive Insects & Pests Act (II of 1914) all imported plants imported into British India can be fumigated at the port of entry. This is usually done by the Customs authorities, under special exemption is granted by the Govt of India in the case of plants imported by the Koenigil as Director of Horticulture (vide Flag A on file No. 65 27-7 and below). The object of such fumigation is to prevent the importation of new diseases & pests which might prove a serious menace to the country, and not to preserve the

Serial No.

individual plants that are suspended. The object is therefore best achieved by fumig the plants at the port of entry and keep them as they are allowed into the interior. This may be compared to the quarantine arrangemen in the case of human beings. However, the work of fumigation was not carried out with much ease at Madras, Bombay, plants used to arrive in a damaged condition here. Mr. K. therefore explained the matter to the G of I and the Secretary of State and got permission to treat the plants here after their arrival at the Lal Bagh (vide Flag F. file G.G. 85-27-7). This is indeed a great concession as regards much hounds, as the correspondence shows, and the G of I are, therefore, rather chary about conceiving it to Mr. K's successor unless they are satisfied that it is fit to be entrusted with the responsibility

Subject:- Exemption from Fumigating.

Sir,

I have the honor to invite reference to your letter No.D. 494/ G.G. 85-27-7 dated 13-7-29 forwarding the Government of India order granting exemption. As this exemption is personal, to me and limited to the period of my tenancy of the post of Director of Horticulture, it will be necessary to again address the Government of India for making the exemption permanent to the Head of the Department and impersonal.

The fumigating work is well organized and the Government of India may safely be assured that it will continue on sound lines.

I have the honor to be,
Sir,
Your most obedient servant,
